## U.S. PLANS TO PARTITION MEXICO

Moheno Declares Such is Motive Actuating All Parties in America

### GUADALAJARA IS TAKEN BY OBREGON'S REBELS

Only Psychological Torture of U. S. Consul Silliman in Saltillo Prison

VERA CRUZ, July 10.—Mexican former Foreign Minister Moheno, aboard the steamer Espagne here today denied that Huerta is blamable for the Madero execution. He declared he knows who killed Madero and will tell when he reaches New York. He asserted that he has information that Col. Roosevelt "has a secret plank in the Progressive platform providing for Mexico's division in four or five parts." He insisted that Republicans and Democrats believe in the same principle, adding: "Carranza's foreign minister, Escudero, showed me letters from Americans proving that Roosevelt has such a secret plank."

Moheno continued: "Carranza's revolution has triumphed, but America will soon learn that while she may put a president in power in Mexico, it cannot keep him there. While Wilson has been occupied with his high ideals, eight thousand Mexicans have been killed. The American government is sorry it ever landed troops in Vera Cruz. Why are soldiers left there? Not because Mexico did not salute the American flag, but because the politicians of all parties in America are planning to control all Central America, to the Panama Canal, and divide Mexico into small, easily controlled republics. Huerta is conquered. Wilson is victorious, but the end is not yet. The bandits will torment another revolution. I will start a revolution myself. It will grow of its own accord."

**Guadalajara is Taken**  
EL PASO, July 10.—The constitutional leaders here are making every effort to learn the details of the capture of Guadalajara on Wednesday by the rebels under General Alvaro Obregon. Reports continue to arrive to the effect that only five thousand of the federal garrison of twelve thousand men escaped. These reports have not been confirmed. It is expected here that General Obregon will now unite his command with that of Villa and move on to Queretaro. Guadalajara is the capital of the state of Jalisco and is the second city in size and importance in the Mexican republic. Obregon's victory at Guadalajara places him in a position to march upon Mexico City, although his army is not considered of sufficient strength to take the Mexican capital alone. While Obregon is resting the troops of General Pablo Gonzales are busy at San Luis Potosi, and may take that place in time to co-operate with Obregon in the march to Mexico City.

### PSYCHOLOGICAL CRUELTY WAS CONSUL'S ONLY TORTURE

PASADENA, July 10.—Psychological cruelty was the extent of the torture inflicted upon American Consul John Silliman and his companions in Saltillo jail, according to a letter received today from Dr. J. E. Moore, one of the prisoners, written to a friend here. The details of Silliman's imprisonment has never been made public officially.

The letter said the Americans were well treated except for the fact that an assistant jailer whom Americans called "The Fiend" continually harassed them with the prediction that they had but a few hours longer to live. In the mornings he would predict their execution at noon. Later he would warn them that prisoners were sometimes shot at midnight and still often at sunrise. There was no official persecution, the letter said.

## ORANGE GROWER IS KILLED IN PUMPING PLANT ACCIDENT

POMONA, July 10.—J. L. Minnick, a wealthy orange grower of the La Verne district, was killed today while attempting to start an electric pumping plant. It is believed his clothing was caught in a belt. The electric motor was wrenched from its concrete foundation. Minnick's arm was torn from his body and he was otherwise crushed. The injured man died before a doctor could arrive on the scene.

### SAN FRANCISCO TO BE AMBASSADOR TO RUSSIA

President Wilson has sent to the Senate the name of George T. Marye as ambassador to Russia. He was originally considered for ambassador to France, but the president decided that the French place should go to Congressman William G. Sharp of Ohio. Mr. Marye was born in Baltimore in 1856. For several seasons he has maintained a home in Washington. He is a retired stock broker, who at one time was president of the San Francisco Stock Exchange. His father took him west in the early days of the gold rush. Mr. Marye was educated in Cambridge, England; Paris, Berlin and Barcelona, with the original intention of practicing law, and was admitted to the bar. Although he abandoned his profession for business, he retained his interest in scholarship, and for one term served as regent of the University of California.

## CALIFORNIA DRY STANDARD ASKS IS SLOGAN OF STATE C. E.'S GO DOWN

### SAN DIEGO LIKELY TO HAVE 1915 CONVENTION

OAKLAND, July 10.—"California dry in November," was the slogan of four thousand delegates to the California Christian Endeavor convention today. More than 10,000 delegates, representing every section of the state, are now present to attend the convention, which opened yesterday and will continue until Sunday.

San Diego looms as the only candidate for the 1915 convention, and with Saturday set as the day when next year's convention city will be named, the Southern California city looked for an uncontested victory.

The Endeavorers took to the street last night for their opening services and conducted a testimonial service which drew a large crowd from outside the organization.

Wants Board of Equalization to Change Sleeper's Figures

### FOLLOWS PROTEST WITH A PETITION

July 16 is the Date Set for Determination of the Matter

The Standard Oil company today asked the board of equalization of this county to reduce its assessment on the Emory lease mineral rights from \$2,550,000 to \$400,000. The assessment was put on by County Assessor James Sleeper, and upon it Sleeper collected \$45,000 in taxes. The Standard paid those taxes under protest, and today Attorney Davis of San Francisco was here and filed with the supervisors, sitting as a county board of equalization, a petition for reduction of assessment. Should the assessment be reduced a portion of the money paid in would be returned.

County Assessor Sleeper said by his guns. Attorney Davis in presenting the petition said that he believed that Sleeper was perfectly honest in making the assessment, but he thought that Sleeper's judgment on the valuation was off. Sleeper had assessed the mining rights for the eighty acres upon which the \$2,550,000 a year well is located at \$32,000 an acre. Davis contended that \$5000 would be sufficient.

"Isn't your land worth as much per acre as the Birch Oil company property?" asked Supervisor Talbert. The Birch company has twenty acres.

"We know that the Birch company was assessed at \$500,000 two years ago," protested Davis, "and was raised to \$1,000,000 last year, and that Birch paid those taxes without protest, but simply because he accepted that valuation is no reason why we should accept an assessment that is unreasonable."

Sleeper pointed out that other land in the vicinity had been raised by the opening up of the big well, and he also pointed out to the equalizers that the Standard had accepted his assessment upon all other property owned by the Standard, including mining rights on several leases.

"It is a fair valuation," declared Sleeper. "An assessment of only \$5000 an acre for the mining rights in that land would be absolutely ridiculous."

The supervisors passed a motion to take the matter under advisement, and set July 16 as the date for deciding upon what will be done with John D.'s petition.

## Earnings of the Dollar

No financial genius is required to make \$2 do the work of \$1. Success comes in the proportion that \$1 may safely be made to perform the ordinary work of \$2.

Harnessing money so that it will work for you even while you sleep ought to be a matter of lively interest. And the less money you have the more eager you should be to hitch it up to something.

Money lying around loose is a temptation. It usually not only loses itself, but leads you into some form of extravagance.

Buy something that puts the dollar to work, and let it be something that gives the dollar a steady job. That means you must not skylark or try to make your dollar earn the wages of three dollars.

The swindler always promises that he can attach your money to a plow that will turn out a much bigger crop than is legitimate—that his way will make your dollar earn as much as three of Rockefeller's.

About six cents a year is about all you should expect any dollar to earn for you, and it must work day and night to do that. When you try to compel it or coax it to earn twenty cents a year it is very likely to balk and just as like as not you will never see your dollar again, let alone the twenty cents.

Most of the failures in big business and in small are due to the fact that so many men are unwilling to put the dollar to work and help it work, and be satisfied with a legitimate and reasonable profit.

## HENEY, THE GREAT GRAFT PROSECUTOR, NEXT MONDAY

Francis J. Heney, the great graft fighter, will address the citizens of Santa Ana on Monday night, July 13. During the day he is scheduled to visit the towns of Orange, Fullerton and Anaheim, at each of which places he will make a brief stop.

Mr. Heney has just begun his campaign for election as United States senator from California, and from now on until the day of election he will carry on a vigorous campaign. He left San Francisco early this week and is making a tour of the San Joaquin Valley. Next week will be spent in Southern California.

Francis J. Heney is one of the most popular speakers in the United States and thousands will have an opportunity of hearing him on the great national issues between now and the date of election.

Mr. Heney is one of the great National Progressives, is an ar-

dent supporter of Theodore Roosevelt and Gov. Johnson.

Reports from Indiana are to the effect that Albert J. Beveridge, the Progressive candidate from that state, will be overwhelmingly elected. More encouraging reports are coming from Pennsylvania where Gifford Pinchot is opposing Boss Penrose for United States senator.

In a recent letter Gifford Pinchot writes:

"If I am elected to the Senate there is no man I would rather have beside me when the fight grows hot than Frank Heney. He is all man and true blue. Francis J. Heney in my judgment is better fitted and more needed than any other man in America to serve our people at this juncture in the Senate of the United States."

With Beveridge of Indiana, Pinchot of Pennsylvania and Heney of California in the United States Senate, the Progressive party will assuredly be well represented.

their recommendations has been carried out and the council has snubbed the commission repeatedly, so these business men handed in their resignations yesterday morning to the council as a public protest.

## IS TO STAND OR FALL BY WARBURG

President Puts Responsibility on Senate for Incomplete Reserve Board

### WILL NAME NO ONE IN PLACE OF PAUL WARBURG

Committee Orders an Adverse Report on Nomination; Senate May Decide

WASHINGTON, July 10.—The Senate must take the responsibility for an incomplete Federal Reserve Board.

President Wilson is determined to stand or fall by Paul Warburg. He will not nominate a substitute. This decision was given out unofficially today as the last word of the White House in the controversy between the president and Senate Banking and Currency Committee, on the confirmation of Warburg and Thomas Jones as members of the board.

No attempt was made today to conceal the fact that the issue had caused a real split between the president and certain Democratic leaders. President Wilson remained secluded while Secretary Tumulty conferred with the senators supporting the administration. Senators Shafroth and Lewis Hughes said the vote in the Senate would be close. They predicted the confirmation of Jones, but were uncertain as to Warburg.

These senators believed Warburg's confirmation depended largely on whether he would consent to appear before the committee for questioning regarding his connection with the Knott-Loeb Company. That he will consent seemed unlikely in view of the fact that President Wilson endorsed his former refusal. One suggestion was that the president allow the appointment to remain pigeonholed until Chairman Owen of the Senate committee returns from Europe. Certain of the administration's friends believe that Owen can convince Warburg that the committee has no desire to heckle him, but merely wishes to learn his financial views. If the committee gets the information it desires, and nothing unexpected develops, it is understood Warburg will be immediately confirmed. Even the Republican committee-men favor him, it is said, but hold that precedent must be observed.

### Committee Rejects Jones

By a vote of 7 to 4 an adverse report was ordered on the Jones nomination. Senators Hitchcock and Reed, Democrats, and Nelson, Bristow, Crawford, McLean and Weeks, Republicans, voted against confirmation. Senators Pomerene, Shafroth, Hollis and Lee, all Democrats, voted for the president's choice. Chairman Owen, now on vacation in Europe, was the only absentee.

## "KATY" PASSENGER HELD UP BY FOUR MASKED ROBBERS

ST. LOUIS, July 10.—Four masked robbers who held up a "Katy" passenger train near Matson, Mo., last night, robbing the express car, secured booty estimated today at from \$3000 to \$50,000. General Agent Brown of the American Express company denied today that the loss exceeded a thousand dollars, but the trainmen placed it at the higher figures.

### 500 FISHED AT SANTA MONICA FOR PAMPANO

SANTA ANGELO, Tex., July 10.—"Half fare day" helped to line the long wharf with pampango anglers yesterday, and close to 500 pulled a total of nearly 1500 pounds.

Whenever the school of fish seemed to lack eagerness the skilled heads on the wharf dumped more bait into the water and the lure had its effect. There were no signs of the pampango swimming to other feeding grounds late yesterday afternoon, nor do the anglers appear to have made any inroads on the school.

### BUBONIC PLAGUE CASE AT SAN ANGELO, TEXAS

SAN ANGELO, Tex., July 10.—Four doctors agreed today that Albert Jones, an oil driller, is suffering from bubonic plague. He has been isolated pending the arrival of a government expert. He came here recently from Shreveport.

## COMPETITION IS SIZZLING IN CHICAGO

No Restaurant or Summer Garden Trusts—City Loves to Swat a Lover

CHICAGO, July 10.—There is no restaurant or summer garden trust in Chicago. Competition is so everlastingly keen that managers and press agents are cutting deep furrows in their brows devising new schemes to catch the dollars of the gilded youth, the silver-haired gent or he of the bald pate.

One downtown inn, realizing that its location near the city hall was no place for the cooling breezes to blow, hit upon a new idea for retaining the winter trade throughout the hot months. It installed an ice skating rink right in the middle of the restaurant floor, opened with an ice hockey game between alleged professional hockey players, and invited members of the tango colony to quit wriggling for the summer and go on a genuine skate. The restaurant manufactures its own ice, the output for the skating rink about equaling that consumed in cooling drinks by the non-skaters.

Not to be left out in the cold by the ice skating rink stunt, a North Side summer garden, popular rendezvous for fashionable folks, advertised free instruction every afternoon and evening in the tango and maxixe, by two tango sharks, just returned from the Cleveland dancing masters' convention where they brushed up on all the new tricks.

Some one made the discovery the other day that while all the world outside Cook county is reputed to love a lover, this town loves only to swat him. Sections of the city code now put the kibosh on spooning in public parks, public places and the sand

## SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Thickness

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies is that Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

along the lake. Alderman Pretzel would have the city extend its jurisdiction to stop what he terms "close and constant hugging aboard lake steamers." The aldermanic idea is that when Gerlie is discovered in the arms of Percival on the starboard rail, the steamer should whistle twice, put back to shore and turn Gerlie and company over to the cops.

The cruel thing is this: While earnest suppressors of hugging will publicly proclaim the ordinance a blessing, thousands of Gerlies and Percivals, bashful things, will never appear before council when the ordinance comes up, to defend their inalienable rights.

One of the most interesting departments of one of the big Chicago papers is that detailing each day the rejections and cutouts ordered by the board of censors for moving picture films. Here are some of the cutouts ordered by the board and the reasons for the orders:

"Mabel's Married Life"—Cut out all scenes showing girl in pajamas before men other than her husband.

"The Desert Thieves"—Shorten struggle in desert between man and wife. Cut out sub-title, reading: "We will have to take my husband along but we'll double-cross him in the desert."

## SANTA ANA ROMANCE IS BADLY SHATTERED

Los Angeles Examiner: Because she preferred being a shop girl rather than a society belle, Mrs. Hazel A. Street, wife of Fay A. Street, wealthy young Pasadena, left her husband.

Street, who is the son of Mrs. A. L. Phillip of 437 North Robles avenue, Pasadena, secured a divorce yesterday from his beautiful young wife on the grounds of desertion.

Prior to her marriage the young woman was a shop girl in Pasadena. Over the ice cream counter she met young Street, who fell in love with her.

A few months later the couple eloped to Santa Ana, where they were married. The elopement surprised Pasadena. Then, the husband alleged, his wife wanted to continue working. He would not permit it; her love cooled, he said, and finally she left him. Mrs. Street made no defense and the divorce was granted by Judge Monroe. Street said his wife told him, soon after their marriage, that she did not like him any more.

## ORANGE SCHOOL TRUSTEES MAY SELL ACRE NEAR STATION

At a meeting of the Orange grammar school board held Tuesday night was discussed the advisability of selling the acre of ground that the district owns near the Southern Pacific depot. This question will be put up to a vote of the residents of the district in the near future. It was not generally known in Orange that the district owned the ground.

General arrangements for next year's work were completed. All positions have been filled except the position as teacher of manual training and the janitorship of the Center-street building. Teachers were elected for intermediate school, Lemon-street school and Center-street school. The new teachers are all well known in Orange except Miss Davis, who taught last year in Anaheim, and Mr. Wood, who was principal of the schools last year in Fishhawk, Oregon.

## VICE CRUSADERS IN PUBLICITY CAMPAIGN

Give Names of Chicago Owners of Property Rented for Immoral Purposes

CHICAGO, July 10.—Making public the names of owners of property used for immoral purposes has been the most effective method of fighting commercialized prostitution in Chicago, according to the report made today by Superintendent S. P. Thrasher of the "Committee of Fifteen" that has been waging war on immoral resorts.

"It is admitted by all who are in a position to know that the old vice district on the south side is practically closed," said Thrasher's report. "It would be folly to say that vice has been obliterated, but some of the most notorious resorts are included in the 450 houses of ill-fame, assignation and disorderly saloons which have been put out of business in the last year."

"In these 450 houses of ill-fame there were, according to conservative estimates, 2,000 professional prostitutes, an average of five per house. "A conservative estimate as to the gross income would be \$10 per day per woman, which would mean \$20,000 daily or the snug sum of \$7,300,000 in a single year. I have no hesitancy in saying that at least 80 per cent of this amount was paid to about 1500 keepers, runners, pimps and panders, the male exploiters of these women. No wonder that the vice interests are in a panic when several millions of dollars have been taken away from them by this committee."

"The chief weapon used in this warfare has been publicity. The publishing of the names of the owners of real estate in connection with the keepers of immoral resorts has had a four-fold effect; it has made it much harder for keepers of immoral resorts to find safe abiding places; it has stimulated the administration and the police department to greater activity and it has thrown the vice interests into a panic."

"I am well aware of the statements being industriously circulated to the effect that the breaking up of the vice district is sending prostitutes into respectable neighborhoods. "That is not true to any such extent as is generally believed. That many professional prostitutes have taken up their abode in residential districts is true, but it is also true that the district they left is largely residential and the pity of it is that residents of that district are poor and unable to protect themselves against an entrenched system of vice which has been more or less officially established and maintained."

"The more well-to-do and respectable a neighborhood is, the better equipped it is to prevent inroads of vice."

"But it must be apparent that no such villainous system of prostitution can be practiced in any residential district as was in vogue in the red light district where from ten to 100 women were plying their trade under one roof."

## 3 COUNTIES TO JOIN IN PRESBYTERIAN PICNIC

LONG BEACH, July 10.—Presbyterians of this city are looking forward to a pleasant time on Saturday when members of this denomination from Los Angeles, Orange and San Diego counties will picnic at Bixby Park. In addition to the outing the cornerstone-laying exercises of the Second Presbyterian Church will take place at 2 o'clock at Elliot and Molino avenues.

The cornerstone will be laid by Dr. Grant Evans, pastor, while the Rev. Edward Campbell of the First Church of Los Angeles will have charge of the services. Dr. John Balcom Shaw will deliver the main address. Other clergymen who will attend are Dr. John Willis Baer and Dr. R. R. Torrey.

## ALLEGED POISONED CANDY SENDER HELD TO ANSWER

SAN DIEGO, July 10.—Mrs. Georgia Simmons Burke, alleged to have sent poisoned candy through the mails, was examined in the justice court yesterday and held to answer before the superior court with bond reduced to \$500. Joseph Scott of Los Angeles is attorney for Mrs. Burke, and stated that her husband, who is a passenger conductor on the Santa Fe, with the aid of his railroad friends, would be able to raise the bond if it was cut in half from the original \$10,000 required.

The case will come before Judge T. L. Lewis about the middle of August and the defense will be "mental and moral irresponsibility."

—Go to school next Monday at Orange County Business College.

## PARENTS CLEAR OF MURDER CHARGE

Dr. and Mrs. Winters Charged With Slaying Their Own Daughter

NEWCASTLE, Ind., July 10.—Prosecutor Miller today dropped the charge against Dr. W. A. Winters, Mrs. Winters and W. R. Cooper, accused of complicity to murder and burn the body of Catherine Winters, the doctor's 10-year-old daughter. The attorneys had scheduled the trial for today but the prosecutor held the evidence was insufficient.

Following the dismissal of the cases, Detective "Bat" Masterson announced that one of his men found the Winters girl five days ago. He declared a new sensation will be sprung in the case soon. He said his agency has five men working here and four "at the other end of the line," twenty-eight hours away by rail.

## Detective Made Charge

NEW CASTLE, Ind., July 10.—Charged with conspiracy to murder and burn the body of Catherine Winters, missing 10-year-old girl in one of the country's most puzzling disappearance mysteries, Dr. W. A. Winters, her father; Mrs. Winters and W. R. Cooper, a former roomer at the Winters home, were to be placed on trial today before Circuit Judge Jackson.

The charges grow out of an investigation made here several weeks ago by Robert Abel, an Indianapolis private detective, who subsequently withdrew from the case. The three defendants expressed confidence before court opened today that Abel would not appear to press the case, and they were certain that they would be discharged.

The arrests created a sensation here several weeks ago. The whole country had been combed in the search for the little girl, who vanished fifteen months ago; when Abel burst into the limelight with his charge that Dr. Winters, his wife and the roomer, Cooper, knew that little Catherine Winters had been killed and her body disposed of.

Abel based his case on the discovery of a small red sweater, a girl's hair ribbon and a man's shirt in the basement of the Winters home. He declared that a chemist's analysis would show traces of human blood on the shirt. Mrs. Winters had a plausible explanation for the presence of the articles of wearing apparel in the basement, but Abel pressed his accusations and finally caused the arrest of the trio. Each of the three defendants has been at liberty under \$1000 bond. Abel promised at Indianapolis two weeks ago that he would appear here to press the case.

Mr. and Mrs. Frost of Westminster Met With Accident Sunday

WESTMINSTER, July 10. — H. Frost and wife met with an accident on Sunday afternoon on the road between Compton and Long Beach, when their buggy was run down by an auto belonging to O. S. Holmes of Long Beach. Mr. and Mrs. Frost were thrown out. Mrs. Frost had her face and knee cut, the cut on the knee requiring several stitches, and Mr. Frost received a badly sprained side and a 3-inch scalp wound which took three stitches to close. Both were badly bruised. The horse ran away, but was captured near Compton. The headlights and fender of the auto were broken. Mr. Holmes took Mr. and Mrs. Frost to Long Beach to a doctor, and after their wounds were dressed he brought them home in his auto.

Mrs. Frank Turner and daughter, Marion, of Antioch, arrived last week for a month's visit with her father, Rev. A. C. Junkin, and other relatives. Joseph Story and wife of Pasadena were Sunday visitors at the Wells McCoy home.

Mr. and Mrs. Willis Warner spent the week-end at Camp Baldy.

Two deputies were summoned from Santa Ana on Tuesday to arrest a man who was supposed to be insane. He visited several homes, frightening women and children. He entered the lumber yard office, ordered the agent, Willis Warner, out, claimed everything in sight, donned a suit of Mrs. Warner's clothes and did other irrational things. When the officers arrived he went on the war path and it took five men to overpower him and take him to jail in Santa Ana.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease. —Advertisement.

SANTA ANA STEAM DUMMY, 1896

## FAMOUS ORANGE DUMMY BE SHOWN AT SAN BERNARDINO

For the Orange Belt day celebration which will be held at San Bernardino Saturday, July 11, in honor of the completion of the Pacific Electric's line from Los Angeles, it is hoped that a number of the pioneer residents of Santa Ana, who were interested in the local street railway projects in the old days, may be induced to go to San Bernardino to ride in the Santa Ana "steam dummy" which will be on exhibition.

The first street car line to be run in Santa Ana was a mule-propelled concern. The first cars were run in this city in 1886. The line ran on Fruit street from the "business center" of this city to the old Southern Pacific depot. A branch extended to Tustin.

The cars were run at a loss from the start and the brunt of the disaster fell upon the shoulders of Noah Palmer, C. E. French, Daniel Halladay and M. J. Bundy. Mule cars were run to Orange beginning in 1888. In 1896, when those at the head of the venture saw that there was no chance of realizing a profit, the line on Fourth street to the depots was torn up, as was also the one extending to Tustin.

The enterprise was then taken over by F. P. Nicker, J. D. Thomas and others, who re-laid the track on Fourth street, and who ran on their tracks the "dummy," a picture of which is shown herewith. It was also at this time the steam car began running between Santa Ana and Orange. This car was in operation until a year or two before the recent completion of the Pacific Electric line to Orange, it being replaced with gas-

## BURGLAR IN MEAT MARKET

They Got Away With \$5 and Left \$10 in Cash Registers

Burglars entered the Triangle Cash Market, 303 West Fourth street, and stole \$5 in change Wednesday night, according to a report made to the police yesterday evening. The thieves gained entry through the back door with a skeleton key.

A peculiar thing about the robbery is that two cash registers containing \$5 each, on the west side of the market were found open by employees yesterday morning when they came to work. The \$5 in the registers had not been touched.

The \$5 which the burglars got was taken from a drawer under the counter on the east side of the store. It is supposed that the thieves became alarmed by something just after they opened the cash registers and fled without the rest of the money. The officers have no clue as to the identity of the burglars.

## INDIANS BECOMING KEEN POLITICIANS

PIERRE, S. D., July 10.—The great question of whether the American Indian will ever take his place in politics and become an active factor in local and state government is being answered satisfactorily in several parts of South Dakota. The poor, whiskey-soaked Rain-in-the-Face of earlier days is rapidly changing into a keen and crafty politician. Reports received in the past week from Bennett and Mellette counties indicate that the craftiness of the Indian has been pitted successfully against all of the whites and a score or more of important county offices are now held by Indians. These office holders are Indians of intelligence and education. As a further indication of the trend of the times, the secretary of state recently chartered the "Indian Political Association" of White River, Mellette county, to conduct political affairs in that region on a solid basis. The organization is incorporated by Isaac Bear Looks Behind, Edward Castaway in the Forest, Benjamin Hungry, James Bear Thunder and Henry Swift Eagle.

**WAS FREDERICKS FAIR OR SHREWD?**

A redeeming feature of Capt. Fredericks' Riverside and Santa Ana speeches, in the estimation of both the reactionary and progressive wings of his party, is that he did not attack the popular and fundamentally beneficial legislation enacted by the Johnson administration. This was pleasing to Republicans of progressive tendencies because it was, at least ostensibly, evidence of sanity and political wholesomeness on the part of their candidate. It was pleasing to Republicans of reactionary constitution because it furnished them a leg to stand on, so to speak, and acted as an antidote to the outgivings of the "poison press." That is to say, the really discerning, politically, among the reactionary Republicans realize that the leading reactionary newspapers are doing very bad politics in raving against the progressive, humanitarian legislation which has been enacted under the Johnson administration, and they are grateful to Capt. Fredericks for not committing the same blunder.

This astuteness, or fairness, as the case may be, on the part of Capt. Fredericks was very generally noted by those who heard or read reports of his Santa Ana speech, and was commented upon editorially by the Riverside Press in its review of Mr. Fredericks' speech in Riverside. The Press takes the view that the candidate's course in the matter was directed solely by political expediency, and points it out as convincing proof of the fact that Fredericks is shrewd enough to see that the people of the state are not only satisfied with the reform measures which the present administration has given the state, but that they are proud of them and will defeat any candidate who dares to campaign for their repeal.

**FREDERICKS ON THE TARIFF**

In Riverside, as in Santa Ana, a large part of Mr. Fredericks' speech was devoted to the tariff, and all thoughtful people must agree with the Riverside Press when it says that the tariff is about as live an issue between the Republicans and Progressives in this state as the question whether Dr. Cook discovered the north pole.

The Press very able reviews this phase of Mr. Fredericks' speech as follows:

In the election for governor in November the choice of the voters will be between Governor Johnson and the Republican nominee, who, without much question, will be Mr. Fredericks; the Democrats have no strong man in sight for governor, and while they may be a factor in the contest for United States senator, they will be a negligible element in the gubernatorial race. And the only difference between Progressives and Republicans in California on the tariff issue is that the Progressives are better protectionists than the Republicans. Governor Johnson is an outspoken, consistent advocate of protection. Theodore Roosevelt, the recognized leader of the new party, is one of the greatest exponents of the doctrine of protection that the country has ever had. And the declaration of the Progressive national platform gave the country the clearest, most logical and most practical declaration on the tariff issue that has ever been enunciated in a national platform in the political history of the country.

In connection with Mr. Fredericks' tariff "spiel" it is interesting to recall the fact that the Republican state committee in 1912 rejected the advice of the national committee and refused to place the Taft electors on the ballot by petition, thus playing into the hands of the Democrats. It is more interesting to note that the Republican leaders in Riverside, who were sitting in the front row at the Long last night and vociferously applauding Fredericks' tariff speech, almost to a man voted for Wilson for president and did their best to place California in the Democratic column. They are a consistent bunch of protectionists, are they not?

Mr. Fredericks referred to the fact that the Progressive legislature in California passed a strong resolution against the removal of the tariff on beet sugar, and that this was approved by Governor Johnson and forwarded to Congress. He failed to state, however, just wherein this constituted a reason for voting for Fredericks instead of Johnson for governor.

**ANONYMOUS WRITER SAYS SHE SHOT MRS. BAILEY**

NEW YORK, July 10.—Asserting that she fired the shot that killed Mrs. Louise Bailey in the office of Dr. Edward Carman, an anonymous writer signing herself as "Trained Nurse," besought the authorities today to release Mrs. Florence Carman, the doctor's wife, who is held for the crime.

The letter said: "For God's sake, release Mrs. Carman. She is a good honest woman. I fired the shot. I meant to get Dr. Carman. He knows why. I will get him yet."

Mrs. Carman is reported as being on the verge of another collapse in jail.

**BUDD-MORGAN CASE IN HANDS OF JURY**

Mrs. Budd alleges that Mrs. Morgan stole the love of her husband while the latter was employed in Mrs. Budd's mine at Cima, San Bernardino county. A flashlight picture alleged to have been taken in Mrs. Morgan's boudoir in which Mrs. Morgan and Budd figured, was introduced as evidence. Mrs. Morgan's defense was that she is the victim of a black-mail plot.

**CANADA OUTSTRIPS U. S. IN SEA-TO-SEA AUTO ROAD**

Canada, the younger in national endeavor, has outstripped the United States in building an automobile highway from the Atlantic to the Pacific. The road is almost finished and today automobiles are running nearly its entire length. Only a few more links of the chain are needed to permit the motorist to make the trip in safety and comfort. From Halifax to Sudbury, from Winnipeg to the great divide, the trail is nearly finished, and the more difficult roads through the mountains of British Columbia are nearing completion.

**FIGHT GAME BELIEVED DOOMED IN CALIFORNIA**

SAN FRANCISCO, July 10.—There is every indication today that the prize-fighting game is going into the California state election in the fall already licked. The proposition which, if it passes, will put the sport down for the count, is not up to the legislature, but to the voters themselves. It is on the ballot as an initiative measure and if consensus of opinion signifies anything, the majority in its favor is a certainty. The fight promoters themselves show no enthusiasm in opposing it. Either they have already grown rich enough and are ready to retire or they consider their cause hopeless, but not a word are they saying against the abolition of the fighting craft throughout the state. In fact, they say openly that they think 1914 will see the last ring battle in California, until another election at any rate.

Mrs. Wheeler to Give Readings for Santa Ana Women's Organizations

Mrs. Eva C. Wheeler, under the auspices of the W. C. T. U. of Orange county, is making a tour of the county giving entertainments and speaking to all the unions of the county and from the very enthusiastic reports coming from wherever Mrs. Wheeler has been, Santa Ana is fortunate in securing her for several entertainments. No one should miss the opportunity of hearing her at some of the meetings.

Mrs. Wheeler will first appear on Saturday at 2:30 at the City Hall where she will give an entertainment to all women's organizations of the city. She is a club woman of great ability and is a talented elocutionist. She will give a number of readings and speak to the Y. P. B.'s on Saturday evening at the home of Bertram Rowley.

On Sunday at 2:30 at Birch Park a mass meeting will be held where Mrs. Wheeler will speak on "California Dry." The county unions will unite in this meeting at the Park, and everybody is invited to attend.

### Enjoyable Luncheon

The second of the enjoyable luncheons given by Mrs. I. W. Van Cleave at her Halesworth street home was a social event of yesterday. Covers were laid for twelve at the luncheon table which was centered with Shasta daisies. A feature of the appointments was the collection of beautiful hand-painted Hawaiian views presented to the hostess by Miss Celia Cotter on her return from a recent trip to Hawaii and the Orient. These were used as place cards and luncheon favors, and will be prized by the guests.

The afternoon was spent in conversation, diversified by the singing of vocal numbers by Miss Carol Van Cleave, who played her own accompaniments.

### Picnicked at Newport Beach

A Southern Pacific train passed through here this morning loaded with about 1,000 members of the women's auxiliary associations of the different railroad men's organizations of Los Angeles, the party being headed for Newport Beach, where the day was spent in picnic fashion. After a day at the seaside, the party returned to Los Angeles this evening.

### Entertained Class

Miss Anna Trythall last evening entertained the boys of the Sunday school class of the First M. E. church of which she is teacher. The Trythall home on North Main street was cheerful with laughter and merriment as jolly games were played during the evening. Music added in entertaining the boys, and refreshments of delicious food and cake closed a pleasant evening.

Those invited to be Miss Trythall's guests were Cecil Birtcher, Paul Hewitt, Donald Jayne, Robert Hughes, Howard Barrows, Bennie Beatty, John Clarkson, George Tyrrell, Cyril Leach, Ernest Saunby.

### AT MRS. WINSLOW'S

Informal Needlework Party Marked by Reading of Charming Story

The reading by Mrs. W. G. Gould of the pretty story "The Master of the Inn," written by Robert Herrick, was an entertaining feature of a delightfully informal needlework party at which Mrs. W. E. Winslow was hostess yesterday afternoon at her Bush-street home. Conversation and the dainty sewing added to the pleasure of the event which was hospitably closed by the serving of refreshments on small tables placed in the attractive dining room. The delicately tinted lavender flowers known as morning bride were used in adorning the tables.

Mrs. Winslow's guest list included Meses. R. E. Coulter, J. E. Gowan, W. G. Gould, W. L. Tubbs, George Balderston, E. G. ### AMUSEMENTS

The biggest attraction of the latter-part-of-the-week bill at Clune's last night was "The Adventures of Kathlyna," this one No. 10, "The Warrior Maid." As usual the picture made "a hit." This particular extravaganza of Harold McGrath's, that sly master of modern fairy tales, makes the heroine go through the usual number of burlesque adventures before a background of super-ethereal magnificence. This McGrath is a humorist who, if he continues delving into the depths of the funny, will sometime take his place with Lewis Carroll, Mark Twain and other famed fictioneer comedians of the land. "The Warrior Maid" is one of the best things that McGrath has done. In this film he puts the wide-eyed Kathlyn through some of her most laughable antics. Miss Kathlyn Williams, who is the star of this film, deserves a great deal of credit for the utter seriousness with which she does the part of the "Warrior Maid." Not only Miss Williams but the other actors, without exception, help the fun along by exhibiting demonstrations of the most grave and solemn variety. All those concerned in the manufacture of this film deserve much credit, from the man who wrote it, down to the lowest "super."

Other silent dramas and a comedy, "Bunny's Swell Affair," in which the obese Bunny and the angular Flora Finch do some comedy which is rich, rare and racy, combined to round out a film bill that is extremely interesting. The Pathe Daily and the Selig Weekly show a number of interesting events.

Flo and Ollie Walters, billed as "the act dainty," have some songs which they dance cleverly and gracefully.

The holdovers are the Aerial Benos, who duplicate their remarkable work of the early part of the week. The male member of the team does some new chair-balancing feats on a trapeze of a kind seldom seen outside of the "big time."

**At the Lyric Theater**  
One of the most wholesome and enjoyable programs ever presented in a Santa Ana theater was witnessed by a large matinee patronage at the Lyric Theater this afternoon.

The main feature is entitled "Enmeshed by Fate," in two parts and the cast is certainly in strong hands. It is a play that appeals to the sentiments or emotions, and the action unfolds in a series of brilliant situations, and unconventional complications, culminating in a sensational climax that leaves one in a quiver. The play could not be improved upon in its ability to keep you guessing, your every nerve straining with expectancy.

Another strong drama is also being presented, entitled "Hearts and Flowers," featuring Warren Kerrigan, that well known screen artist who took the part of "Samson" in the play by the same name. Then there is two lively comedies, one of which is a Nestor, featuring Victoria Forde and Eddie Lyons, in "Captain Billy's Mate," and another "scream," "All the Dog's Fault," which goes to make up an entertaining evening's enjoyment.

## The Apricot Camp

Oh Ruth, do you remember the apricot camp

In Southern California by the highway?

The improvised, rude shed was a shelter for your head.

For the sun was ever bright at the noonday.

The pepper tree overhanging the apricot camp

In the morning made a cool and shady spot.

There the apron was put on, and the knife and pan were found.

For without delay the fruit must all be cut.

Oh Ruth, I well remember in the apricot camp,

There were many pretty girls I'll avow.

But some how my memory lingers with your flying taper fingers.

Just to keep ahead of all you knew how.

In the years since first we met at the apricot camp

You have sweetened and have brightened all my life.

Did any one surmise, the camp manager so wise?

Why he made the prettiest, finest girl his wife.

The apricot camp, oh the apricot camp.

Every day for three weeks in July

The fruit with honey dripping.

From the boxes you were tipping.

Pitting fast and spreading well upon the tray.

## MRS. WHEELER'S TOUR

Noted California Clubwoman Visits Orange County—First Address at Tustin

Beginning her tour of Orange county, Mrs. Eva C. Wheeler, National W. C. T. U. lecturer and reader, spoke to women Wednesday afternoon at the Advent Christian Church in Tustin and at a mass meeting Wednesday night at the Presbyterian Church.

Those who were able to attend the meeting Wednesday afternoon were delightfully entertained and truly instructed on subjects that are of vital importance to women.

The facts and figures which have been carefully gathered and thoroughly tested appeal to the fair-minded even more than her artistic way of presenting them. She showed the women what a great work there is to do in educating themselves along higher ideals. The W. C. T. U. must be and now is a live organization. Fifty-two nations have organizations and hundreds of meetings were being held all over the world at that same hour. The women must waken to the realization of those things which menace the home life. They have the ballot. What are they going to do with it?

She urged them to begin the work here by distributing literature, learning the songs, doing personal work, getting the names of voters and preparing to challenge illegal votes. The children are to be enlisted. There are many things they can do. There are plays and medal contests to interest them.

Mrs. Wheeler's impersonation of a frivolous mother who is trying to have her baby cared for according to scientific rules in a book and at the same time entertaining a visitor was true to life and highly amusing.

Although the women were charmed with Mrs. Wheeler in the afternoon, she really gave her best things in the evening. If Tustin had possessed a large auditorium and that auditorium had been crowded to the doors it would have been well for the people, because it is not often that such an opportunity is afforded in a rural place.

Mrs. Wheeler will be in Santa Ana Saturday and Sunday. All those who missed hearing her in Tustin should endeavor to go to one or more of the meetings there.

A game of tennis was first played and then the party were entertained with piano music by Mr. Fraser and piano and violin pieces by Misses Gertrude and Dorothy Utt. Some fireworks for the younger members of the family were enjoyed by all the rest.

## School House

The trustees are now advertising for bids on the new school house. The bids will be opened on the 18th of this month and the work of erecting the building, now so long delayed, will be pushed as rapidly as possible. Of course it would not be possible to finish the building for the fall term, but it is hoped that it will be ready for occupancy by the first of the year.

## An Evening of Fun

Some of the young people of J. Grise's apricot camp were invited to spend last evening pulling candy, playing games and having their fortunes told with Mrs. D. P. Yeargain at her camp on Bonita avenue.

Those enjoying the fun were Misses Anne and Esther Segerstrom, Emma Planchon, Irene Grise, Ruth Lucas, Katherine Forline, Alma and Dahlia Plavin, Valiant Prague, Mrs. Prague, Mrs. Schooley, Mr. and Mrs. Yeargain and Harold Yeargain.

Today Permission Given for  
Settlement With S. Baker,  
Creditor

This morning Judge Thomas gave permission for the acceptance of a compromise of the claim of the Orange County Mutual Building & Loan Association, wrecked by its secretary, against S. Baker. According to the petition presented by Attorney H. J. Forgy for F. W. Mansur, deputy in charge for State Building and Loan Commissioner G. S. Walker, a loan of \$900 was made to J. C. Galloway in 1903 and \$1,000 in 1907. These were transferred to S. Baker. Baker declares he paid all but \$900. The books of the company show \$1087 still due from Baker. The notes were given over some four years ago to the First National Bank among other notes as security for a loan of \$14,000. The notes show no endorsements in recognition of the sums that Baker paid in. Baker, the bank and Mansur agreed to compromise with a payment of \$1,000 by Baker, and the court granted the compromise.

No steps have been taken for several weeks looking toward a settlement of the affairs of the wrecked association. Mansur has collected practically all of the money due the association. Three or four months ago the state building and loan commissioner was here and talked compromise be-

tween the creditors, directors and stockholders, but nothing came of his suggestions.

"I will dispose of the money that I have in accordance with whatever orders I receive from the court," said Mansur. "It is somebody's move, not mine."

It appears that if no compromise is made outside of court that it will be up to the First National Bank to bring suit to get its money, or the stockholders to start action against the former directors. The bank has already made plain its intention to fight for the recognition of its note for \$17,000 instead of \$14,000. The original loan of the bank to the association through authorization of the directors of the association was for \$14,000, and later that was increased to \$17,000 by N. A. Ulm, secretary of the association.

# DEFENSE HAS STRONG POINT

Condition of Wilson's Brain  
Not Necessarily Caused  
by Blow

This morning the attorneys defending Frank C. Kent of Garden Grove, charged with the murder of I. O. Wilson, scored a strong point for the prisoner. From Dr. H. S. Gordon they secured a statement that the condition found in Wilson's brain, as revealed at the autopsy, might have been caused by any one of several causes. The condition was not necessarily from a blow on the head.

The testimony was given at the pre-

liminary examination, which was continued to July 16. This morning two witnesses were examined, S. M. Strong, who was employed by Wilson on the ranch adjoining the one owned by Mr. and Mrs. Kent, described the fracas that took place between Wilson and his son Ray on one side and Mr. and Mrs. Kent on the other, during which Kent struck Wilson over the head with a rake. Strong was so far away that he could not hear the conversation.

Dr. Gordon described the conditions found at the autopsy. The membrane covering the brain was grown to the skull, a condition that was of some standing, say more than a week. The brain blood vessels were distended. The condition might have been caused by Bright's disease, inflammation of the middle ear, and several other ailments, and not necessarily by a blow on the head. When this statement was secured from the physician, Attorneys Earl Rogers and H. C. Head continued no further with the cross-examination.

**Business in Sacks**

L. Savala has been doing quite a business in selling cement sacks. True the sacks did not belong to Savala, but he did quite a business just the same. It is estimated that he has stolen 15,000 cement sacks in Los Angeles county, and many hundred in this county. He was making a sale of seventy-five sacks to a Los Angeles second-hand dealer when a deputy sheriff got him. Savala said he stole the sacks at Garden Grove, and under Sheriff Law brought him here. As yet, however, the name of the person from whom the sacks were stolen has not been determined. The undersheriff and Constable Clark of Garden Grove are working on the case. Savala has proven himself proficient in telling tales without truth. Law took him to a man on Savala's plea that the man was his brother and very ill. The man was ill, but he declared Savala was no kin of his.

**Neighborhood Troubles**

Pedro Salcido, who has been in various shooting and cutting troubles, is in jail again, this time charged with a neighborhood disturbance. A neighbor of his says he is responsible for creating trouble between children of the neighborhood.

## ARE TO REPAIR STATE ROAD BASE

Division Engineer Told McFadden of His Intentions

County Highway Commissioner R. J. McFadden of Anaheim has been informed by Division Engineer W. Lewis Clark of the State Highway Commission that the concrete base laid on the state highway between Santa Ana and Anaheim will not be accepted until some repairs are made.

At the last meeting of the Associated Chambers of Commerce, McFadden reported that the base had turned out to be poor stuff, and on his motion the Associated Chambers asked the state commission not to accept the road. McFadden said that there was evidently not enough concrete used in the base. At least, the contractor said that was the reason the concrete turned out crumbly. The contractor told McFadden that the state furnished the cement, and the reason more was not used was that the state inspector would not let the contractor use any more than was used.

"The matter has been called to the attention of the division engineer," said McFadden, "and he told me over the telephone that repairs would have to be made before the base is accepted. I do not know how extensive this repair work is to be."

"I have found there is a fracture at the base of his skull and that his shoulder blade is broken," said the doctor. "One knee is badly shattered. I'm going to wait awhile. There is a compound fracture of one leg where it was badly crushed."

The commission undertakes to bring about sanitation everywhere that gangs of men are employed. Kitchens, places where filth is likely to accumulate are examined and wherever necessary changes are ordered.
